Re: Miami Marine Stadium

Dear Friends:

How exciting it is to hear talk again about the Miami Marine Stadium. APBA has had a long history of boat racing events at the stadium and many long time APBA members have great stories and historical memories of racing at or being at the stadium.

APBA supports your efforts to save the stadium. If the stadium is renovated, the APBA would be very interested in again holding major events there.

We send you best wishes and support your hard work to re-establish the stadium as a great site for many events to enhance the Miami area, including APBA events.

Sincerely,

Gloria J. Urbin  
Executive Director
